

Hotpoint® 30" Free-Standing Electric Range

Receptacle Locations

Note: This appliance has been approved for 0" spacing to adjacent surfaces above the cooktop. However, a 6" minimum spacing to surfaces less than 15" above the cooktop and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

KW Rating	
240V	10.5
208V	7.9
Breaker Size	
240V	40 Amps†
208V	40 Amps†

A perspective diagram of a three-panel garage door. The door is divided into three vertical panels. The leftmost panel is shaded gray and contains an arrow pointing right with the dimension $3-1/2$. The middle panel is white and contains an arrow pointing left with the dimension $3-1/2$. The rightmost panel is shaded gray and contains a white box with the text "REAR WALL". Above the door, three horizontal dimension lines indicate panel widths: $7-1/2$ for the left panel, 7 for the middle panel, and $7-1/2$ for the right panel. To the left of the door, a vertical dimension line indicates a height of 5 , and a diagonal dimension line indicates a depth of $2-1/4$. Below the door, a dashed line is labeled "CENTER LINE". To the right of the door, a diagonal dimension line indicates a depth of $2-1/4$.
